

VisualStudio For Command

Command VisualStudio

: <https://marketplace.visualstudio.com/items?itemName=dos-cafe.WhackWhackTerminal>

The screenshot shows the Visual Studio interface with a Dockerfile open in the editor and a terminal window at the bottom. The Dockerfile contains the following content:

```
4
5 FROM microsoft/dotnet:2.2-sdk AS build
6 WORKDIR /src
7 COPY ["AkkaNetCore/AkkaNetCore.csproj", "AkkaNetCore/"]
8 RUN dotnet restore "AkkaNetCore/AkkaNetCore.csproj"
9 COPY . .
10 WORKDIR "/src/AkkaNetCore"
11 RUN dotnet build "AkkaNetCore.csproj" -c Release -o /app
12
13 FROM build AS publish
14 RUN dotnet publish "AkkaNetCore.csproj" -c Release -o /app
15
16 FROM base AS final
17 WORKDIR /app
```

The terminal window shows the output of the `docker ps` command:

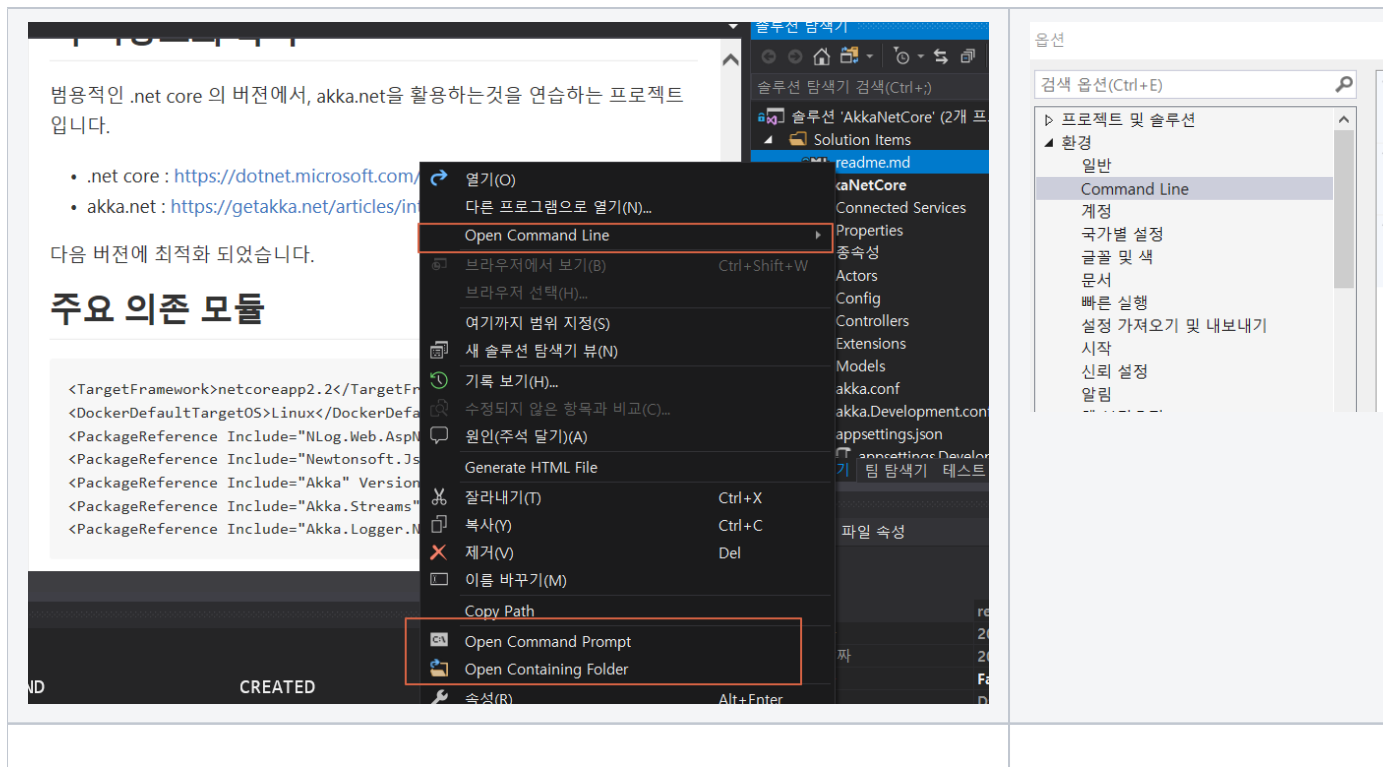

```
PS D:\project\labs\AkkaForNetCore> wsl
root@psmon-gram:/mnt/d/project/labs/AkkaForNetCore# exit
logout
PS D:\project\labs\AkkaForNetCore> docker ps
```

CONTAINER ID	IMAGE	COMMAND	CREATED	STATUS
1e46a035c489	mysql:5.7	"docker-entrypoint.s..."	45 minutes ago	Up
5ac08ebac35f	adminer	"entrypoint.sh docke..."	45 minutes ago	Up
